We're Here To Help.

Clay County Hospital, CCH Medical Clinic, and the Louisville Medical Clinic provide a wide variety of services for our local businesses. Services are specifically tailored to accommodate the individual needs of the employer.

Clay County Hospital is committed to provide around-the-clock services for all health care needs. Our Emergency Room staff understands and follows the Work-er's Comp process of evaluating any injury or illness that occurs during the work hours and beyond the traditional office hours.

CCH Medical Clinic and Louisville Medical Clinic provide services through both mid-level practitioners and physicians.

DEVELOPING PARTNERSHIPS

Our Comp Care Program is designed to develop a lasting partnership with our clients to insure that we both enjoy the benefits of a profitable relationship.

Initial Development:
Our program representative will contact you and meet with you to present available services that meet your individual business needs.

Profile Establishment:
Company-specific needs and personalized business information will be used to set up your account.

Ongoing Communication:
We are committed to offering your business a consistent contact person that will be available to handle all your needs.

Periodic Profile Reviews:
Our program representative will contact your business on a regular basis. This not only maintains a close relationship between your company and CCH, but guarantees the accuracy of your profile information and your satisfaction with our service.
