

# OUTPATIENT INFUSION CLINIC

The Outpatient Infusion Clinic is a service that allows patients to have procedures and therapies as an outpatient, whether one-time or ongoing. The Clinic is a cost-effective alternative for the patient and can shorten inpatient hospital admission time. The Provider will make the initial appointment, and the patient will schedule additional visits as needed. The Outpatient Infusion Clinic is open seven days a week by appointment.

Accepting Referrals from Primary Care Clinics including specialty clinics including but not limited to Oncology, Neurology, Nephrology, Urology, Orthopedics, Gastroenterology, Rheumatology, and Infectious Diseases.

## **Hours of Operation:**
